Hi Sandra,

Yesterday at our in-person meeting at the SJASD Board office **Alex Eyjolfson** stated that she has the June 6, 2023 Bannatyne Parent Council meeting minutes and would post them later that day. These **minutes contain important information that all parents need to be made aware of.** I stated that I would check sjasd.ca/school/bannatyne/ in the morning.

As of now they remain unavailable. **This is a violation of SJASD policy KMAB.**

Section 7.3 of SJASD Policy: KMAB states:

- iv. shall, **within two weeks** after any Council or Executive meeting, provide to the members of the Executive copies of all Council or Executive minutes, and shall forward copies to the Principal, who **shall, in turn:***
- v. post one copy for general public information,*

This specific violation has been previously brought to administration attention and it does not seem to be taken seriously. Is there a reason for the constant delay in posting Parent Council minutes? When did Mme Eyjolfson receive the minutes from Bannatyne Parent Council Secretary **Adam Milne**? Will this violation of policy continue to be condoned? Furthermore, what is the administration going to do about this? Finally and again, when can the parents expect to see the overdue minutes posted?

Thank you,

Pierre N. Attallah B.Sc.
